PECAN TREES

Bare Root

AVAILABLE AFTER DECEMBER 1, 1962

(OUR SPECIALTY)

Please Note: All of our stock is Machine Dug!

Order Early For Best Selection!

— Not Available !

VARIETIES OFFERED:	DESCRIPTION	Caliper Approx. Ht. Price	3/8 & 1/2'	Under 2/3'	3/8-1/2 3/4'	1/2-5/8 4/5'	5/8-3/4 5/6'	3/4-1 6/7'	1-1 1/4 7/8'
"Western Schley"	A very heavy producer. The trees are very vigorous in growth and come into bearing at an early age. The long, tapering, medium sized nuts have thin shells, with kernels of high quality when matured.		1.00	1.25	1.50	1.85	2.30	3.25	3.75
"San Saba Improved"	This is an early maturing, thin shelled variety with an attractive high-quality kernel. This is a good commercial pecan and a good yielder.								
"Burkett"	This is one of the most popular of the Western varieties. When well developed, the nuts are uniformly large and round in shape. The shells are moderately thin and kernels are easily extracted in halves when shelled by hand.								
"Bradley" (Ideal)	This is one of the finest tasting pecans grown. The nuts are of large size, well filled and are soft shelled. The tree is a very vigorous grower.								
"Barton"	The "Barton" is one of the most promising of the newer varieties. The nuts are medium to large in size with extra thin shells. The nuts contain about 58% kernel which is bright in color and high quality and flavor.								
"Stuart"	This is one of the standard Eastern varieties which produces a nut of uniformly large size and excellent appearance. Matures it's crop early and is always in demand.								
"Success"	Nuts are large, roundish-cylindrical, the shell is medium to thick and the kernels are of good quality and flavor. Trees are very productive.								
"Mahan"	The largest pecan grown! The shell is very thin and produces a fair quality kernel. Always in demand due to it's size.								

Terms and Conditions of Sale

TERMS: Our terms are 5% discount for cash — Net 30 days. 1% per month will be added on ALL PAST DUE ACCOUNTS. We ask for three Credit References on All New Accounts. An Additional 10% discount on stock picked up!

PRICES QUOTED — are "PREPAID" to your Nursery in Amounts of \$50.00 or more!, unless stated otherwise! Where shipment is made via our truck 10% of the amount of the invoice will be collected to help offset our trucking expense. This amount will be deducted from the amount of the invoice. In cases where we ship via motor freight, shipment will be made Collect and when a copy of the Paid Freight Bill is received, this amount likewise will be deducted from the total of the invoice.

CLAIMS: No complaints will be entertained unless made in writing 10 days after receipt of stock. No adjustment after this period.

GUARANTEE: All stock guaranteed to be true to name as described. Any stock proven to be otherwise, will be replaced or the purchase price refunded at the option of the seller. In no case will we be liable for any sum greater than the purchase price. Orders accepted subject to our crop conditions. We also reserve the right to prorate or reduce in quantity any order received and also grades.

5 x 7 **FOUR COLOR TAGS** will be furnished FREE of CHARGE, with each Bare Root order. These will be mailed to you under separate cover, rather than attaching at our nursery, to avoid tearing while stock is enroute. This helpful sales aid will avoid unnecessary time explaining to your customers a description of the various trees as well as planting instructions.
